“ I remember feeling so embarrassed when I finally realized who you were that first night you came down with Ms. Sherrie. You though we were too funny dying our hair and just being normal. And from then on, you wouldn't let me go! I'm so honored to have had you in my life for the very short amount of time we had together. I want to thank you for keeping me sane some days. And letting me be crazy and vent the others. Thank you for believing in me and giving me a chance to work beside you. Thank you for seeing me anms an equal, and who I truly am,not what others think I am. I got that pizza that day because it's what your supposed to do for the people you love, you make sure they eat. The trips to Raleigh together, the rides to places you would be worried about going alone incase you got lost,all that I was so happy just to be a part of. You changes the world Herr in Wayne County NC. And I'm so glad to have been a part of it. Most of all I'm thankful for my best friend. I will miss you and always love you.

“ Sweet and beautiful lady. Gone far too soon. Know the family is heartbroken. Just remember, she is resting in the arms of Jesus and will not suffer anymore. We will all meet again in our perfected new bodies. What a glorious reunion that will be. ❤️

“ My heart is broken. Rene' was an amazing Woman, everyday we worked together it was nothing but laughs. We have shed tears together, danced, and sung many many songs together... She loved her some Eminem. From walking to organics everyday and just cutting up acting a fool. She was always there for me, taught me many many things.. I will never forget her laugh. Oh Rene how I love you so much. You were a second mom to me, even when I left Walmart you always stayed in touch making sure I was okay. Im forever grateful for the relationship we have.. GONE BUT NEVER FORGOTTEN. Love you bunches, may you Rest In Peace <3

“ I am a loss for words. We shared so many laugh's together every day. We may have disagreed, but at the end of the day we respected each other and could go on like it was nothing. I will never forget the stories that you told that we laughed at so hard , we bout peed ourselves. I am so proud of you for so many reasons and I know you know all of them. Your life is truly one that I will remember as one as an over comer. You fought everything that you came up against with a brave heart and a positive attitude. I admired you and often thought of you as amazing. The lives you touched, the sacrifices you made, the ridicule you endured, all for the sake of your beliefs and kind heart. Rest in peace sweet Biscuit....you fought the fight, and won the race. Well done! Love you 😭

“ I’m going to miss the deep conversations we had about life. Rene truly loved with all of her heart. That’s what I loved most about her; her ability to care so much about others. Even in the midst of her own struggles. The only consolation in her passing is that she isn’t suffering with sickness nor heartaches any more. I’ll see her again one day, by God’s grace.

My heart goes out to her Mama, especially, and my prayer is for all of her family to be comforted in this time of grief as only God can provide.

With respect, with love, and sincere prayer.

“ Miss Rene taught me sooo sooo much, so much I’ll never forget and I’ll never forget her. She was so sweet and would do anything to help anyone in anyway. She was more like a big sister, a mom and a bestfriend to me.. she taught me how to drive, she’s given me soo many recipes she told me to never share.. she’s wiped away a gazillion tears, not to mention the advice she gave me on almost everything, from love, how to make something out of nothing and to forever keep God in everything you do.. I’m blessed to have been able to meet you and although it breaks my heart you’re no longer here, it relieves me knowing you’re no longer hurting, no longer tired but sleeping peacefully 🕊️👍🏾 I’ll forever think of you, I’ll forever love you, I’ll forever talk about you my ShuNAENAE 💙

“ During my time working with Rene, we were able to talk, discuss, and share meaningful words that helped to carry me through some difficult times. Sometimes people that have experience in life's journey are a blessing to one another. This is what Rene was to me. Rest in Peace, beautiful lady.

“ Rene the way we met is by sharing a very special sweet beautiful Granddaughter. Since then we have shared her first birthday party and many many talks. If it's one thing I know about you is that you love hard. Our family will not be the same without you in it. I've cried all day knowing all you wanted to do was live and love, but I know you are dancing in the arms of Jesus now and are free of pain. I will NEVER let Kyleigh forget you and the memories you two made like watering the garden or cooking in the kitchen. You and I just spoke a couple weeks ago about fighting our cancers and going on vacation together this year. I love you and I will miss you so much!
